Buildings at Risk

2015 NOMINATION FORM

DEADLINE MARCH 25, 2015

Submit to NLHT.BuildingsatRisk@gmail.com

The Newfoundland Historic Trust (NHT) first launched the Buildings at Risk List on Heritage Day 2009 to bring attention to some of the many sites within our province at risk due to neglect, lack of funding, inappropriate development and weak legislation.

The Buildings at Risk List has brought attention to the listed sites and creates awareness of some of the province's most vulnerable heritage resources in an effort to support building a case for conservation at the local, provincial and national levels.

Its goal is to become a powerful tool in the fight to make landmarks, not landfill.

The list is compiled from nominations submitted and from reports and news items that NHT has been following and reporting on throughout the year.

NHT evaluates selected sites based on the following criteria:

- Significance of the site
- Urgency of the threat
- Community support for its preservation

Please answer the following questions about the site you are nominating for inclusion on the Buildings at Risk List. Use additional pages if necessary.

NHT reserves the right to contact the nominator to confirm the nomination and answer any additional questions about the site.

Please include digital images or photographs with your nomination.
